

# INTERNATIONAL ART FAIR WARSAW 2016

- FIRST INTERNATIONAL FAIR FOR 20TH  
AND 21ST CENTURY ART IN POLAND

The International Art Fair 2016 will take place at Warsaw's PGE Narodowy Stadium, on April 7-10. It is the first art fair ever to be organised in Poland on such a grand scale. Among the exhibitors will be well known artists from Poland and countries such as Great Britain, Switzerland, Belarus, Ukraine, Germany, Austria and Romania. They will present numerous paintings, photographs, and also modern design.

**T**he IAFwarsaw is a four day event. The first two days are dedicated to collectors, interior designers, architects and people from the world of business. On the following two days the PGE Narodowy will open its doors to the general public. A few dozen artists, handpicked by a select council chaired by the fair's curator Małgorzata Miśkowiec, will present their artwork to the public. IAFwarsaw is going to be an interesting review of what is going on in the world of modern art.

"We hope that by organising the fair on such a large scale, we will help develop an interest in Polish and European modern art. Our visitors will be able to learn about galleries and artists who have rarely been present, or even non-existent in our market. We will also exhibit works of Polish artists such as Igor Mitoraj, which are currently exhibited in foreign galleries", says Beata Roszkowska, the director and creator of the International Art Fair Warsaw 2016.

"IAF Warsaw 2016 will definitely stand out in terms of its offer. We are the only fair in Poland that connects visual art with design. Besides paintings, sculptures, and photographs, we will also present modern design and manufacturing.

Some of those are created by well-known Polish artists such as Oskar Zieta and Tomasz Rygalik. I would also like to mention that the interior of our art fair is designed by an architecture power couple Marlena and Marek Happach, from the H2 Happach studio," adds Małgorzata Miśkowiec, IAFwarsaw's curator.
